Chorus

Monsters Lyrics

- Verse 1: I used to write about them in a diary
 Like I could keep them in a jar
 World of permanent rain clothed in mystery
 Always keeps me in the dark
- Verse 2: I can't reason though I've tried
 Make up stories, make up lies
 They just pull me back again
 They will say that they're your friends
- Chorus: But I cry "Don't touch me" when they come
 I fight night after night to control them
 I reason that my mind will find a way to stop them
 But I lie awake because I don't
 Want to fall asleep
 Sleep will let them find me
 If it is not too deep
 They will soon remind me
- Verse 2: I am scared but I can't run
 They know that I am the one
 Sees them, knows them, writes them down
 There is no way to shut them out
- Chorus: But I cry "Don't touch me" when they come
 I fight night after night to control them
 I reason that my mind will find a way to stop them
 But I lie awake because I don't
 Want to fall asleep
